## EMPLOYMENT HISTORY

### Senior Web Designer at Ebuyer.com

August 2018 - Present

- Assigning the tasks of creating and developing landing pages on Ebuyer website for our vendors, as well as in the form of graphic banners and email campaigns.
- Reviewing web designers' work to meet our standards and best practices.
- Being responsible for managing the team, authorising holiday, interviewing and training new starters.
- Handling the responsibilities of designing and developing user-friendly interfaces for our customers to use on the website with Exponea.
- Working directly with e-commerce director to develop site content.
- Collaborating daily with IT team and directors to ensure that the needs of the group are being communicated clearly across our web platform and all deadlines are met.
- Collaborating with teams to continuously improve the brand and user experience.
- Participating in discussions to come up with team standards for quality processes and methods.
- Monitoring competitor and industry websites for design ideas and trends.

### Web Designer at Ebuyer.com

March 2017 - August 2018

- Working under the guidance of the Web Design Team Leader and Head of Online Marketing.
- Designing bespoke marketing in the form of graphic banners and coded landing pages and emails for the Ebuyer website.
- Adapting vendor provided assets to fit within the constraints of the Ebuyer website and ensuring artwork adheres to Ebuyer brand guidelines.
- Ensuring landing pages meet Front-end coding standards and best practices.
- Working as part of the Web Design Team achieving personal and company goals.
