West Yorkshire

PROFESSIONAL PROFILE

Versatile and detail-oriented UI/UX Developer

6 years of combined web and mobile application expertise, with cross-sector UI and UX experience in both the e-commerce and web3 sectors.

UI/UX designer and front-end developer with a focus on creating intuitive, visually appealing digital experiences. Skilled in Adobe Creative Suite, Figma, HTML, CSS, and JavaScript, I blend design and functionality to bring concepts to life. Experienced in user research, usability testing, and collaboration with cross-functional teams to meet project goals and enhance user engagement.

CORE SKILLS

- **HTML5, CSS3; Bootstrap; JavaScript**
- **Mobile & Web Application Front-End**
- **Git Version Control**
- **Responsive Design**
- **User Experience (UX)**
- **Wireframing & Prototyping**
- **CSS Preprocessing**
- **Problem-Solving**

CAREER SUMMARY

UI/UX Designer and Frontend Developer at **World of V [2022 - Present] (Freelance)**

- Design wireframes, mockups, and prototypes in Figma for engaging user interfaces.
- Ensure design consistency and brand adherence across projects.
- Develop responsive websites with HTML, CSS, and JavaScript.
- Build scalable applications using React and VueJS (e.g., **WOV Labs**, **World of V**).
- Apply UX principles to enhance usability and user satisfaction.
